Klein® Tools' New Clamping Worklight Provides Hands-Free Illumination

May 8, 2018 (Lincolnshire, Ill.) – Klein Tools (www.kleintools.com), for professionals since 1857, introduces the Clamping Worklight for all day, hands-free illumination. Features include a 2-inch clamp, a 360-degree rotating LED head and pivoting feet to brighten any jobsite. This work light can be clamped where needed, stand on its own or handled easily, offering unmatched versatility.

Clamping Worklight (Cat. No. 56029)

- Easily and securely clamps to a ladder or lift for all day, hands-free illumination
- Head rotates a full 360 degrees and pivots up to 90 degrees to help illuminate dark work spaces
- Pivoting feet enable stand-alone illumination
- Light projects in front of you, helping to reduce shadows
- Easy-to-find glow head recharges when the light is on
- IP54 rating: dust- and water-resistant for increased durability and reliability
- High: 250 Lumens and 8-hour runtime; Low: 125 Lumens and 10-hour runtime

“It can be hazardous if a worklight loses power before a job is completed,” says Laura Ranieri, senior product manager at Klein Tools. “That’s why Klein has designed the Clamping Worklight with an 8-10 hour run time to provide all day, hands-free illumination. Its rotating head and durable, pivoting feet help direct light exactly where it is needed, making this a great addition to any jobsite.”
